of Elks and also friends from Chi-  
cago who are sojourning in Califor-  
nia for the winter. The guests were  
Mrs. Arthur H. Dibbern, Mrs. James  
A. Appell, Mrs. Alfred F. Priest and  
little daughter Ruth, Mrs. Bert Ward,  
Mrs. Harry Nelly of Chicago, and  
Mrs. Oscar Reichow of Chicago.

## Locals And Personals

Monday night, March 28, officers  
of B. P. O. E. No. 1289, and mem-  
bers, will go to Long Beach to put on  
the initiatory work.

H. G. Hosford of 233 North Cen-  
tral avenue returned yesterday after  
a month's business trip to Kansas  
City. He, of course, was glad to be  
back in California.

Cecil F. and Emma M. Torrey, chil-  
dren of Mr. and Mrs. J. F. Torrey  
of 218 West California avenue, were  
operated on yesterday for the remo-  
val of their tonsils.

Dr. Margaret M. York of 1005  
North Central avenue returned  
Thursday from a ten days' trip to  
San Diego, where she was called on  
professional business.

The Broadway Welfare association  
will meet Monday night at the new  
Broadway school building to consider  
the charter and municipal bond is-  
sues to be voted upon Tuesday.

Seven calls were received at the  
employment bureau at the city hall  
during the first hour the offices were  
open from seven ladies in Glendale  
who were trying to secure domestic  
help.

Mr. and Mrs. A. D. Dunlop of 203  
Burchett street have as their house  
guest Mrs. Gleaves Patterson and lit-  
tle son, Gleaves Patterson, Jr., of  
Shreveport, Louisiana, who will be  
here for several weeks.

Mr. and Mrs. Heustis of Boston,  
who are wintering in Los Angeles,  
will be the guests tomorrow of Mr.  
and Mrs. Francis M. Peckham of 239  
North Central avenue. They will at-  
tend the sunrise services at Eagle  
Rock.

Mrs. Smith MacMullin of 412 West  
Wilson avenue entertained at lunch-  
eon yesterday in honor of Miss Ruth  
Wilson, a bride-to-be. Guests were  
Miss Ruth Wilson, Miss Dorothy  
Hunt, Mrs. Edward Rohr and the  
hostess, Mrs. MacMullin.

George A. Cook, a large realty  
owner in the San Fernando valley,  
who conducts a large chicken ranch  
near San Fernando city, was in Glen-  
dale yesterday visiting with James  
M. Rhoades, secretary of the Cham-  
ber of Commerce, whom he knew  
many years ago.

Mrs. John Roman of 1002 South  
Central avenue left Wednesday for  
Chicago. She will visit her mother  
and also attend her sister's wedding.

Miss Genevieve Olds and Miss  
Eloise Olds of Gardena are spending  
the week-end with their cousin, Miss  
Clarice Hanson, of 711 East Orange  
Grove avenue.

Little Miss Gabrielle Boudaux of  
206 North Central avenue is enter-  
taining a number of her friends this  
afternoon at an Easter egg-hunting  
party. The invited guests are Cathe-  
rine Dotson, Helen Dotson, Dorothy  
Brennan, Betty Clark, Jane Pendle-  
ton, Mary Elizabeth George and  
Beryl Campbell.

A very spirited meeting of the  
Glendale Lodge No. 338, I. O. O. F.,  
was held Thursday night. At this  
time it was decided that a campaign  
to double the membership should be  
organized. Noble Grand McGee and  
Vice-Grand Murdoch will be the cap-  
tains of the two sides which will com-  
pete to see who can get the largest  
number of members.

Mrs. Payson Hayward, Mrs. R. W.  
Brown, Mrs. H. E. MacMullin and  
daughter Miss Helen Delaine enjoyed  
a picnic at the Malibu Wednesday.  
About 4 o'clock that afternoon they  
decided to motor to Santa Barbara,  
where they stopped for dinner. The  
entire journey was made in an en-  
closed car. The return trip was  
made in 3 hours and 10 minutes. The  
party arrived back in Glendale about  
11:30 that night.

Mr. and Mrs. Peter Hanson of 711  
East Orange Grove avenue entertain-  
ed last night with a dinner party in  
celebration of the wedding anniver-  
sary of Mr. and Mrs. R. G. Whitney,  
who have recently moved to Glendale.  
Those present were Mr. and Mrs. R.  
G. Whitney, Mr. and Mrs. Ernest  
Rock of Los Angeles, Mr. and Mrs.  
Elmer Strong of Pasadena, Mr. and  
Mrs. Peter Hanson and Miss Clarice  
Hanson. Cards were enjoyed during  
the evening.

## Selnick Productions For Glendale Theatre

Manager W. A. Howe of the Glen-  
dale Theatre has received a distinct  
compliment from H. D. Goldberg,  
branch manager of the Select  
Pictures Corporation, in which  
he states that the local pho-  
to-play house has been selected  
for pre-view presentations in  
southern California of the Selnick  
productions. This means that the  
Glendale Theatre will be able to of-  
fer feature films here prior to their  
being shown in Los Angeles or other  
southern cities.

To combat the peach borer a chem-  
ical manufactured from coal tar pro-  
ducts and known as Para-di-chloro-ben-  
zene has been found to be of value if  
applied during the last week in Au-  
gust or before September 10.

At a recent meeting of the Entomo-  
logical Society of America a scientist  
stated he found a small tribe of Mono  
Lake Indians which caught and dried  
a ton and a half of caterpillars in a  
season for food.

## BIG BUSINESS

You would be surprised to learn  
the amounts of insurance which  
men of affairs are buying now-  
days. I happen to know, because  
we are one of the companies, that  
a prominent business man in Los  
Angeles is applying for \$1,400,000  
of life insurance. This is in ad-  
dition to \$600,000 that he already  
has. Of course, this requires the  
services of a number of companies.  
The man, aged 58, passed thirty  
doctors and in all probability will  
get the insurance.

The human asset is the largest  
asset in the business world, and  
that being the case, it is a big fac-  
tor in your business and especially  
your home. You are probably carry-  
ing only a small portion of what  
your life is really worth.

Don't neglect this matter. Put  
first things first. Next to living  
expenses, protection comes first.  
We furnish this in a mutual com-  
pany, at cost.

**For Glendale Town**

O, look who's here, his name is  
Brown.

He's always jumping up and down;

He's got ideas big and fat

For putting Glendale on the map.

So when the state-wide hosts are  
here,

All looking for eats and sleep and  
cheer,

Just say to them from other towns

Go right around to Howard Brown's.

After business had been concluded  
last night by the alumni of the Pres-  
byterian Christian Endeavor society  
at the home of W. G. Lloyd, 323  
North Jackson street, Howard Brown,  
who has been instrumental in bring-  
ing the State Christian Endeavor to  
this city June 25 to 29, suggested  
that those present write eight-line  
rhymes about each other.

They did.  
But each chose Howard Brown as  
the person to write about and as the  
rhymes rolled 'round the laugh grew  
larger.

So it is said that he "put up a job"

on himself.

## Southern California

### Harding Honored

Notification of his election to hon-  
orary membership in the Long Beach  
Horseshoe club, the largest organiza-  
tion of its kind in the world, was  
mailed today to President Warren G.  
Harding by officers of the club at  
Long Beach. President Harding is a  
horseshoe enthusiast and a move-  
ment is afoot among horseshoe clubs  
throughout the country to present  
him with a pair of silver horseshoes.

### Californians Win

University of Southern California's  
law college debaters triumphed over  
the crack debaters of Columbia uni-  
versity in Los Angeles last night.  
U. S. C. had the affirmative on the  
question, "Shall the several states  
enact legislation adopting a plan sim-  
ilar to that of Kansas for the judicial  
settlement of labor disputes?"

### In County Hospital

Mrs. Louise L. Peete, sentenced to  
life imprisonment for the murder of  
Jacob C. Denton, wealthy broker, is  
in the county hospital today under-  
going treatment for her eyes. She is  
awaiting a decision on her appeal  
from the judgment of the superior  
court.

### Shortage of Birds

Trap shooting enthusiasts at Long  
Beach today were confronted with a  
new problem—a shortage of clay  
birds—a condition which officials of  
the Blue Rock club say has never be-  
fore existed. A match scheduled to  
be held tomorrow was called off to-  
day because of the scarcity. Big  
meets in nearby states were said to  
have exhausted the supply.

Because of the fact that no rain  
has fallen on the desert country near  
Phoenix, Ariz., thousands of sheep  
would have perished had not the for-  
est service thrown open to the sheep-  
men the Crock and Tonto forests ly-  
ing adjacent to the desert in the foot-  
hills of the mountains. Even this  
is considered as only temporary re-  
lief.

ELECTED BY BALLOTS CAST  
FOR BOARD IN HIGH  
SCHOOL DISTRICT

(Continued From Page One)

two years and it is a good guess that  
we will take the job seriously enough  
to please the most exacting, because  
we are just naturally built that way.  
All together now, for a bigger, bet-  
ter high school for Greater Glendale.

Sincerely,  
**HARRY V. BROWN.**

From Captain Watson

Captain Watson asks The Evening  
News to publish the following expres-  
sion of thanks:

To the People: The position to  
which Dr. Harry V. Brown and I have  
been elected by the citizens of the  
Glendale Union High School district  
is a most important one and I wish  
to express to the citizens of the dis-  
trict my sincere appreciation for the  
honor their votes signify.

The responsibilities and the duties  
of the office are much more impor-  
tant than the honor attached thereto  
and in the performance of those du-  
ties I now and shall hereafter con-  
tinually call upon the citizens of the  
district for their aid to the end that  
I may efficiently and as far as pos-  
sible satisfactorily perform those  
duties.

The campaign conducted by my  
friends was wholly an impersonal  
one which held nothing but the  
friendliest consideration for all can-  
didates, and I feel assured of the co-  
operation of all citizens in promoting  
the best for Glendale Union high  
school.

Sincerely,  
**THOS. D. WATSON.**

Captain Watson also sent the fol-  
lowing to The Evening News:

Editor The Evening News:—I  
take this means of expressing to you  
my sincere appreciation as a citizen  
of Glendale for the fair-minded man-  
ner in which you gave publicity to  
all the candidates in the recent elec-  
tion for high school trustees.

Such publicity given in a campaign  
tends towards the ultimate advance-  
ment in community progress.

Yours sincerely,  
**THOS. D. WATSON.**

## Misleading Lady, Of Stage Fame, Feature Palace Grand Program

Chained by her ankle in the lonely  
cabin, she was still defiant to her  
caveman lover. And when, finally,  
he released her she gave him the bat-  
tle of his life. But she came at last  
to feel differently, as you will learn  
when you see Bert Lytel in "The  
Misleading Lady," the Metro picturiza-  
tion of the well-known stage suc-  
cess that is today at the Palace  
Grand theatre. It's a picture that  
hums with action.

It is a wildly hilarious comic that  
Buster Keaton presents in "The  
Haunted House," the fifth of his  
series of two-reel giggle-getters.

This latest offering of funnies is  
characterized by that same brand of  
unique slapstick and mechanical inge-  
nuity which marked his other smile  
reels and make the Keaton comedies  
stand out as the premier reels of hu-  
mor. The action is fast and furious  
with Buster always as the center of  
the hectic disturbance.

"The Haunted House" deals in a  
highly entertaining and flippant  
manner with the traditional ghosts  
which are supposed to make a rendez-  
vous out of ramshackle dwelling, but  
which in reality is being used as the  
den of a gang of counterfeiters.

The musical program includes such  
popular numbers as "Mary's Lamb,"  
"Broadway Blues," "Tell Me, Little  
Gypsy," "My Sahara Rose."

Tomorrow a picturization of Win-  
ston Churchill's famous novel, "Inside  
of the Cup" and the latest Christie  
comedy, "Wedding Blues," will be  
the features.

## E. G. Warren With Local Realty Firm

C. E. Schimmelfeng announces to  
the people of Glendale, and others  
wishing to buy or sell anything in  
the real estate line, that the C. E.  
Schimmelfeng Real Estate company  
has associated with it E. G. Warren,  
whose experience in real estate and  
subdivisions will enable this firm  
to give the best of service.

Mr. Warren has recently located in  
Glendale after investigating southern  
California rather thoroughly for a  
business location. He says:  
"California is the best state;  
southern California is the best part  
of the state and Glendale is the best  
city in southern California."

To restrain the state of Illinois from  
interfering with the collection by the  
railroads of the increased passenger  
rates a permanent injunction was  
granted by the United States district  
court of appeal.

There are 163,000 physicians and  
surgeons, and 40,000 dentists in this  
country listed with having one or  
more passenger automobile each.

## A Clothes-Washing Method That Took 5,000 Years to Perfect

The housewives of ancient Egypt washed clothes by spreading  
them along the banks of the Nile and stamping them with the  
feet. Beating with sticks and stones came next, then slabs  
of rock and roughened boards from which the washboard was  
developed.

Our laundering methods developed by men who have made a  
scientific study of textiles and soaps are the result of thou-  
sands of years of laundry progress. It is the soft water method,  
the method that sterilizes as well as cleanses, saves clothing  
and protects health.

When the trials of wash day become burdensome phone us  
and we will do the rest.

A visit to the pumping plants on  
San Fernando road discloses wonder-  
ful improvements over the old steam  
plant which is soon to be discarded  
for two electrically driven booster  
pumps drawing water from four  
wells with the possibility of 9000  
gallons a minute.

Three of these wells are 500 feet  
deep and the fourth is 600 feet down,  
drawing on the resources of the liter-  
al underground river which flows  
through the San Fernando valley.  
This water is lifted at each well and  
passed on to the boosters with their  
200 horsepower motors which put it  
under 138 pounds pressure, or a 320  
foot head stream.

This carries it up the hill to Doran  
street three-inch main where the  
water is carried across town and the  
great new 7,500,000 gallon reservoir  
on Verdugo road above Glendale  
avenue can be filled in eighteen hours  
with both pumps going, Mr. Lynch  
states.

In The Glendale Evening News on  
Monday Mr. Lynch will tell of the  
7,500,000 gallon reservoir now un-  
der construction, and other storage  
and distribution facilities being pro-  
vided.

**Excellent Program Is  
Given At G. A. R. Hall**

The Woman's Relief Corps and N.  
P. Banks Post held its regular  
monthly all-day meeting in the G. A.  
R. hall yesterday. There were about  
100 present, which was a much smaller  
attendance than usual. A splen-  
did luncheon was served.

The program given included a talk  
by Comrade Duffer of Burbank, who  
told of some of his experiences in  
some of the battles he had fought in;  
recitations by Mrs. Eustace Moore,  
"The Moo Cow Moo" and "The Rag-  
gedy Man." Mrs. Mary Milligan,  
past president of the corps, gave a  
short talk in which she spoke of her  
appreciation and enjoyment of last  
year's work and also about some of  
her confederate relatives. Mrs. Dut-  
ton, president of the corps, was called  
on for a short talk and responded  
very appropriately.

Thomas Hull, who is a member of  
the post in Los Angeles, but resides  
in Glendale, was a most entertaining  
speaker. He related several humor-  
ous incidents experienced by him dur-  
ing war time. Several of the poems  
of Comrade Dibble were read by Com-  
rade Scudder. Rev. LeClaire gave an  
interesting talk about a prophecy  
he had made in connection with the  
war. The meeting closed with the  
singing of "America."

Barstow a week with Mrs. Marlenee's  
mother, Mrs. Milton Armstrong, and  
sister, Miss Hope Armstrong. From  
there they made several excursions to  
the desert, one of which was a visit  
to the old Calico Silver Mine. The  
ruins of the town, which at one time  
had a population of over 3,500, are  
still there. There are perhaps about  
ten people living there now.

**ST. MARK'S EPISCOPAL**  
Easter is the "Queen of Festivals"  
and will be appropriately celebrated  
at St. Mark's church. The large  
vested choir, under the leadership of  
Captain Jackson, with Mrs. Kitts at  
the organ, has prepared a fine pro-  
gram of Easter music, and the church  
will be beautifully decorated, under

the directorship of the altar chapter  
with flowers and greenery in grate-  
ful tribute to the risen Lord. The  
order of services will be as follows:  
Holy communion, 8 a. m.; Sunday  
school festival, 9:45 a. m.; sermon  
and hold communion, 11 a. m. The  
offerings for the day will be for the  
parish debt. Instruction for confirma-  
tion: Beginning Sunday, April 3,  
Dr. Cornell will meet candidates for  
confirmation in the church at 10 a.  
m. A cordial welcome is extended  
to all.

at 6:30 p. m.; leader, Robert Frazee.

**FIRST LUTHERAN**  
—"A Resurrection Story" will be  
the subject for the address on Easter  
morning at 11 o'clock. The day  
will be one of special joy, inasmuch  
as we know that by His resurrection  
Christ has overcome the power of sin  
and death. Easter will also be a day  
for special rejoicing because a large  
number will confess Christ by unit-  
ing with the church at the morning  
hour of worship. The holy com-  
munion will also be celebrated. "Ho-  
sanna," by Granier, will be sung by  
Miss Helen Esterly. The Bible  
school, Owen J. Sherrick, superintend-  
ent, will render an Easter program  
at 10 a. m. "An Abiding Easter"  
sermon by the subject for the Luther-  
League half-hour devotion at 7:30  
p. m. The pastor will speak at 8  
p. m. subject, "The Walk to Em-  
maus." The public is cordially in-  
vited to attend all our services.

**PRESBYTERIAN**  
Special Easter programs will be  
given in the morning and the even-  
ing at the Presbyterian church. Miss  
Marjorie Jean Bailey of the Orton  
School of Music in Pasadena, will  
give a harp solo in the morning. The  
sermon by the pastor, Rev. W. E.  
Edmonds, will be the Easter mes-  
sage and the decorations and musical  
program are for the Easter season.

King of Heaven" (Schnecker);  
Shout, Ye High Heavens" (Wright),  
and solo, "God Shall Wipe Away All  
Tears" (Sullivan). The evening ser-  
mon will be on "Mill Pond Power."

Special Easter programs will be  
given in the morning and evening at  
the Presbyterian church. The musical  
program in the morning will in-  
clude a harp solo by Miss Marjorie  
Jean Bailey of Pasadena. The can-  
tata, "From Olivet to Calvary," will  
be given in the evening by the church  
quartet.

The Easter morning address at 11  
o'clock at the First Lutheran church  
will be "A Resurrection Story." Miss  
Helen Esterly will sing "Hosanna" by  
Granier. The evening sermon will be  
on "The Walk to Emmaus."

The Central Avenue Methodist  
church will also have special Easter  
music. The morning sermon at 11  
o'clock will be on "The Power of His  
Resurrection," and evening sermon,  
"Come Unto Me."

Vocal solos by Mrs. Wayne McNutt  
and readings by Mrs. R. D. Jones and  
J. W. Cotton are among the features  
planned for the Easter services at  
Casa Verdugo Methodist church.

The cantata, "From Olivet to Cal-  
vary," will be given in the evening  
by the church quartet. Mrs. Fannie  
Marple Retts, director, assisted by  
Mrs. Helen Graham Cole, Orrin L.  
Padel and C. Clifford Riggs. Miss  
Carolyn G. Bailey, who is studying  
under the direction of Ray Hastings,  
is the organist of the church and  
will have charge of the pipe organ  
and piano. The programs for the  
day promise to be very fine.

Musical program: Morning—  
Prelude, "Easter Morning" (Mall-  
ing); Carolyn G. Bailey, organist;  
quartet, "He Lives Who Once Was  
Slain"; soprano solo, "The Cross"  
(Ware); Mrs. Helen Graham Cole;  
offertory, "Andante" (Chopin);  
harp solo, "Barcarolle" (Offenbach);  
Miss Marjorie Jean Bailey; contraalto  
solo, "The Resurrection" (Shelly);

**FIRST METHODIST**  
Corner Wilson and Kenwood. Rev.  
Clyde Monroe Crist, D. D., pastor.  
Sunday school Easter pageant at  
9:30, "The Resurrection of Peter."  
(This will be in place of the regular  
Sunday school session, and in the  
main auditorium). An Easter collec-  
tion will be taken by the school for  
missions. At 11 o'clock there will be  
baptism of infants and small chil-  
dren, the reception of members and  
an Easter sermon. Also the finest  
of Easter Music. At 6:15 the Ep-  
worth League will have an "Easter  
Vesper Service." (It is different).  
The Intermediate League meets at  
6:15. Brotherhood at 6:45. At  
7:30 the great Easter cantata, "Vic-  
tory Divine," by Marks, will be ren-  
dered by the vested choir under the  
direction of Miss Isabelle Isgrigg.  
Mrs. H. W. Randall at the organ.  
The church is equipped with the  
acousticon. It is a friendly church  
and "seems like home." (Do not  
forget the sunrise Easter service,  
5:45, on the hilltop at the head of  
Louise street).

**Opposition To Saylor  
Bill In Legislature**

SACRAMENTO, March 26.—Oppo-  
sition to the Saylor anti-capital pun-  
ishment bill is developing in the sen-  
ate and belief that the measure will  
be defeated in the upper house was  
expressed here today by Senator J.  
M. Inman.

Inman has declared his intention  
to vote against the Saylor measure  
which prohibits the hanging of  
youths under the age of eighteen  
years.

Yesterday's session of the senate  
was broken by the observance of  
Good Friday, but few minor meas-  
ures being passed. The senate and  
assembly recessed between 12 noon  
and 3 p. m. The budget hearing yes-  
terday included the state railroad  
commission which was defended by  
Commissioner Frank Devlin, At-  
torney Hugh Gordon and other mem-  
bers of the staff. Max Thelen, repre-  
senting the tax economy and investiga-  
tion league yesterday modified the  
reduction he asked in the commis-  
sion's budget. Thelen's first sugges-  
tion was that \$746,600 for the next  
biennium but he amended it to \$778,-  
000 yesterday.

The assembly yesterday passed a  
dozen measures.

### AUTO IN MODERN BUSINESS

The automobile has made a place for itself in modern life that nothing else can fill. The motor has revolutionized society in every corner of the earth. It has brought the out-of-the-way places close together and isolated communities into closer relation with the more thickly settled centers. It has had no less an influence on business. The increased facilities of transportation that came with the automobile and the truck have changed the character of all business.

Not only this, but the automobile itself has brought a new industry, in fact many industries, into being. Hundreds of people in Glendale are engaged in business or doing work in some way connected with the motor car. As has been stated many times in these columns, this industry deserves every recognition and encouragement, as it is one of the principal factors in making Glendale known as a live and up-to-date city.

### Spring Adjustments Are Very Necessary

When in the course of operation valve springs become weak, they should be stretched or else have a washer placed under them. If a car spring becomes so that one side of the vehicle sags, the addition of another leaf will remedy the trouble. In a new car it frequently happens that the owner finds cause of complaint in regard to hard riding, due to the fact that the springs are stiff. The difficulty may be obviated by removing a leaf, if so desired, but before long the new springs will limber up merely through ordinary usage.

### Starving And Unkempt, Stranger Wanders Into Agency, Fed, Adopted

A starving, stray dog, weak from hunger, unkempt in appearance, mostly "all in" wandered into George E. Clayton's Dodge agency at Brand boulevard and Harvard street the other day.

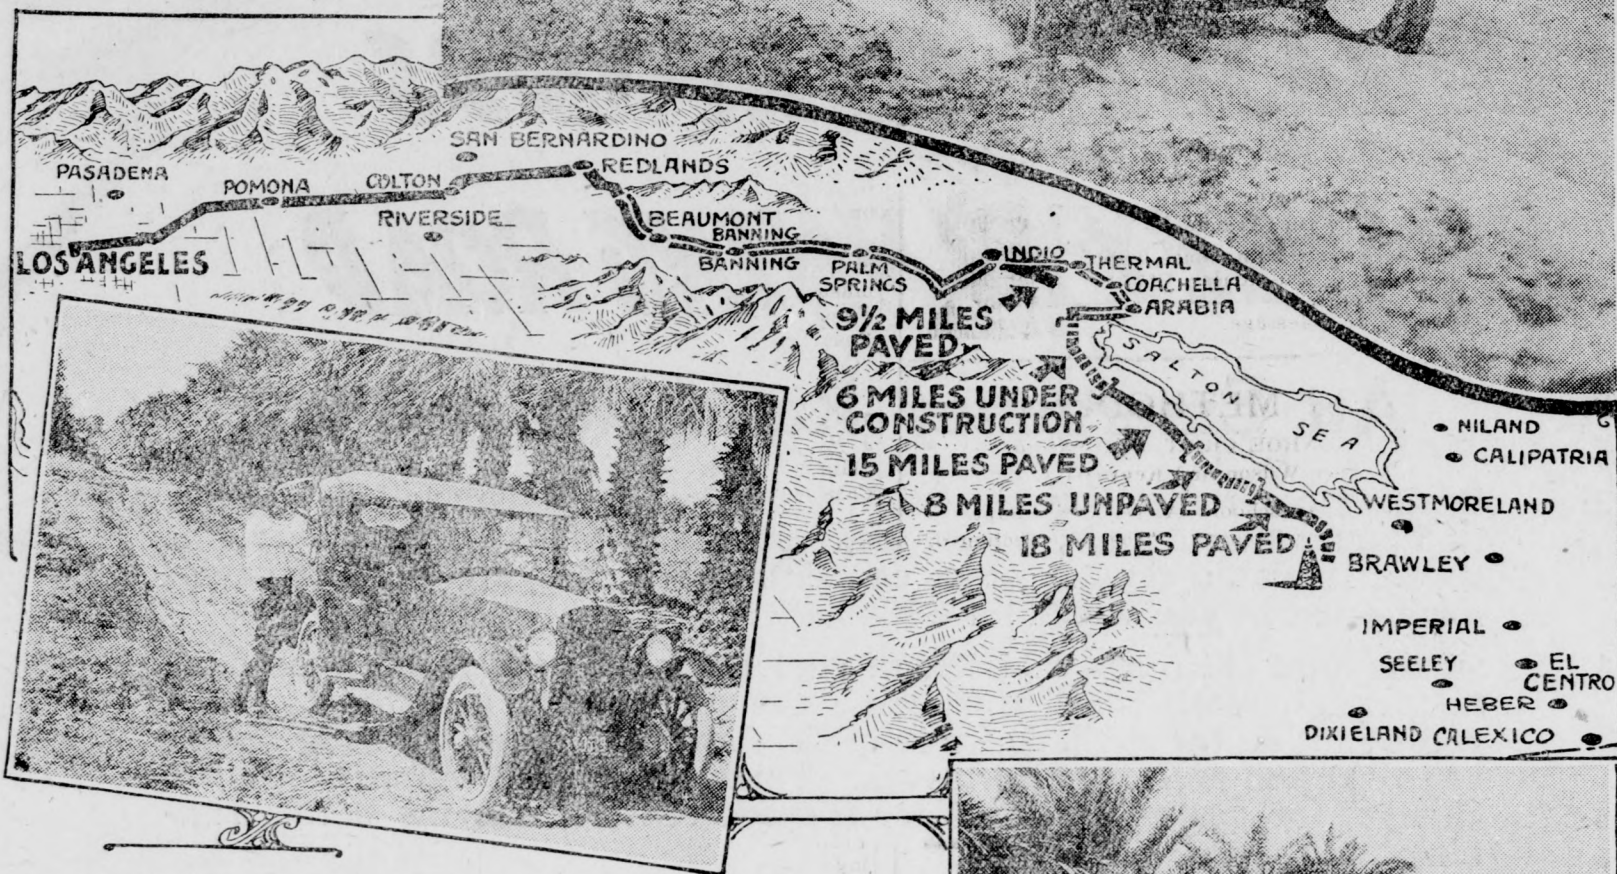

It made itself at home, too. So Mr. Clayton and the others at the agency didn't have the heart to turn the poor pup away.

Fed up, it is beginning to show signs of being a hunting dog. Part setter, is the belief expressed. What the other part is no one essays.

Now they are waiting until its physical condition will permit a bath and a trim for its shaggy coat, for while the dog acts as if "spring has come," but looks belie the fact.

Oh, yes. The dog's been christened "Dodge."

## RECORDS OVER BRAWLEY-BANNING ROAD SMASHED BY REGULAR CLEVELAND-SIX STOCK AUTOMOBILE

### INTERNATIONAL EXHIBITION

The international automobile exhibition at Basle, Switzerland, will be held from May 28 to June 8. Exhibits will be classified under nine groups, among which are touring cars, automobile bodies, agricultural machines and motors, motorcycles and bicycles, wheels and rims, tools and machines for the manufacture of various motor devices, and motoring outfits.

### \$10,000 LIMOUSINE STOLEN

A brand new limousine, valued at \$10,000, the property of George W. Nevil, a retired manufacturer of Philadelphia, was recently stolen in front of his home by motor thieves. The vehicle was equipped with various kinds of locking devices, designed to prevent theft, even the doors being fitted with automatic locks to protect robes or other articles.

All records over the Brawley-Banning road were badly smashed on March 16 by a regular Cleveland Six stock car in one of the most remarkable runs ever made by a stock automobile in southern California. Bartlett & French are the Glendale agents for the Cleveland.

Residents of Imperial Valley who are familiar with this road stated that six and a half or seven hours is considered wonderful time and many of them were willing to wager good money that no regular stock automobile could make that trip in less than six hours. The occasion of the trip was the first official test of the Brawley oil well.

When word was received by a Los Angeles newspaper that the first official test of the Brawley oil well just west of Westmoreland in Imperial Valley was to be made on March 16, this metropolitan newspaper in order to give service to its Imperial Valley readers determined to secure pictures on that day of the well, if possible, and rush them to Los Angeles in time for the early "bull-dog" edition of the paper.

### Given Services of Driver

It was figured that if the start from the well could be made by 10 a. m. a fast car could make the trip. Two weeks previous to this a Cleveland Six had traveled over the survey of the new state highway securing road information, so the newspaper asked the W. P. Herbert company for the services of the driver who drove the scouting car. The Herbert company turned over both car and driver to this Los Angeles paper.

Instead of getting a 10 o'clock start, the car started at just 11:58. The car flashed down the highway and out of sight almost instantly. A few minutes later it was tearing over the Tule Wash Gap in the state highway. Great chuck holes, deep ruts and hub-deep sand make this road as nearly impassable as any road in the state. Only those who have been over it can fully appreciate its roughness and the impossibility of making speed through these rough spots. It was deemed best not to try to follow the right of way of the state highway on account of the teams in the construction gang obstructing traffic, so the detour via Arabia and Thermal was used. This part of the road is extremely bad. The chuck holes and ruts are like a rough washboard, and are even more treacherous because they are filled with sand and thus concealed. The Cleveland Six plowed and jumped through this difficult detour and through many long car.

### Tire Change Necessary

A tire change was made necessary by a railroad spike and lost twelve minutes. A stop at Banning for gas and oil cost five minutes more and near Colton a speed officer warned in advance halted the car and discussed speed laws for twelve minutes. But, at 5:17, Photographer Watson delivered his pictures in the newspaper office.

When word was flashed back to the waiting crowd in the Brawley hotel who had wagered on the result of the race, the universal verdict of "impossible" was given, and it was necessary to have the paper verify it before they could be convinced. The actual running time of the car was four hours fifty minutes—elapsed time five hours nineteen minutes.

Fifty-eight miles of rough, tough roads prohibited fast speed. The stability, power and speed and consistent performance of the Cleveland motor over these roads, which really gave the car a test over every possible highway condition, has excited the widest comment. An interesting feature of the trip is the fact that this same car made a scouting trip into Imperial Valley two weeks previous to the run, securing information concerning the ocean-to-ocean state highway which is under construction now.

### Good Progress Made

Wonderful progress is being made on this highway from Indio to Westmoreland. Paving is being laid at the rate of about a mile a week and a huge centralized mixer delivers concrete more rapidly than any similar contrivance in the west. It is expected that the pavement will be completed by the time hot weather sets in.

The state highway from Indio to Banning is surveyed along the railroad and this will shorten the present rough county highway which skirts the foothills by about five miles. The new road also affords better drainage conditions.

The performance of the Cleveland on the scouting party as well as on its record-breaking dash was a constant source of surprise to the occupants who had never ridden in the car previously. It pulled through deep sand which seemed impassable and took the chuck holes and ruts with such comparatively easy riding comfort that all concerned were delighted. Bartlett & French are highly elated over the showing made by the

**BUICK**

**F**OR years the demand for Buick cars has always exceeded the supply—even when Buick production mounted to 500 cars daily.

Because of the material curtailment of motor car production this winter, the country faces a decided shortage of quality cars this spring and summer.

Consequently Buick dealers are advising motorists to place their Buick orders now because orders must be sent to factory

months in advance of delivery.

The reason why the demand for Buick cars has always exceeded the supply is more pronounced than ever in the 1921 Buick. Coupled with the noted Buick power and dependability are added riding comfort, easier control and a beauty and grace that fittingly express Buick worth.

Authorized Buick Service insures full return on Buick investment.

## C. A. WISHART & SON PLACE NEW DORT UPON DISPLAY

PROVEN STURDINESS, ECONOMY  
MAKE CAR POPULAR; MORE  
VALUE IN LATE MODEL

C. A. Wishart & Son, Dort and Reo dealers, today placed on display the new Dort, which, in appearance, presents quite a contrast to former models.

The proven sturdiness and economy of the Dort motor and chassis made unnecessary any radical mechanical changes, but in the new body is found a degree of style heretofore associated with more costly cars. That the price has been increased only \$130 is a pleasant surprise to those who have seen the car.

**Sales Manager's Statement**  
C. R. Anders, sales manager of the firm, in commenting upon the new car and its price, says:

"During the past winter many buyers have felt that because the Dort price was not cut last fall they must face the possibility of a cut later. But Dort prices had been held down to a point where, under the conditions then existing, they could not be cut."

"The factory's action in putting so much of extra value in the latest model, and making a moderate advance in price protects the resale value of the cars now in use, and at the same time gives today's purchaser the benefit of every saving in production costs which may be expected to occur. This is in line with the long-established policy of the Dort factory."

## Plenty Of Light Is Thrown On Willard Battery Agency Here

Throwing light on the subject of Willard storage batteries, the E. W. Cizek company last night installed another electric sign. It is a flashlight affair with more than a hundred little brightly-colored bulbs that twinkle the word "Willard."

This, in addition to a "crazy" light that twirls around in their Colorado boulevard show window, drawing attention to the Eisman magneto, showing the firing order of the generator and magneto for which the E. W. Cizek company is distributor here.

## Thomas Smith, Boy Picture Actor, Will Appear At Glendale

Little Thomas Smith, who supports Harry Carey in his latest picture, "If Only Jim," at the Glendale Theatre this afternoon and evening, will make a personal appearance. Tommy is three years and six months in years, but he has played in "Hearts of Humanity," "The Right to Happiness," "Man, Woman and Marriage," and others.

Harry Sweeney also will appear with his intellectual bulldog, "Pal," which worked with Tommy in the Carey production. Monte Banks in "Nearly Married," Urban Movie Chats and a news reel complete the

## SMASHES ALL RECORDS ON BRAWLEY-BANNING ROAD

### An Emergency Run—Not a Stunt

Dashing from the Brawley Oil Well in Imperial Valley to Los Angeles in 5 hours 19 minutes, a Cleveland Six smashed all records over this road. It was a regular stock car with top up carrying all stock equipment—just as you would have it.

Of the total 191 miles, 58 miles of ruts and chuck holes, hub-deep sand and rough wash-board road gave the car terrific punishment. But through it all the rhythmic throb of the Cleveland Six motor sang a song of power and perfect performance. Three stops of 29 minutes for tire change, for gas and oil, and for a speed officer made the actual running time 4 hours 51 minutes.

This test over what is notoriously the worst road in Southern California is important to YOU because it was NOT made with the idea of hanging up a record, but rather to keep an appointment on time, just as you yourself might wish to do any day.

It is important to you to own a car that is as reliable, consistent, durable and powerful in every road condition, as the Cleveland is. It prepares you for all emergencies.

Come in today and see the Cleveland which made this run on our floor. Examine its mechanical condition yourself. Be convinced how well it stood this trip. Then, ride in and drive a Cleveland.

### Seventy New Orders On Ford Agency File

With seventy new orders on the books, Jesse E. Smith's Ford agency is as busy as a beehive these days. There are no dull days there. Optimism is the watchword.

The first week of this month this bustling bunch of live wires begged an order for ten Ford touring cars from one commercial house in Los Angeles, the California Glass and Paint company, and this week secured another order, this time for ten Ford coupes. This last order is also from a Los Angeles commercial house and, incidentally, it might be stated that this firm is discarding all their other cars and substituting Ford coupes for their salesmen. A. R. Townsend of 807 North Brand boulevard is the manager of the California Glass and Paint company, and he was glad to see Glendale, his home town, successfully bid on the business for his company against fourteen other Ford dealers.

Eight new cars are being delivered today, and this is not an exceptional day. The Evening News is informed. What with making deliveries on new cars, disposing of an occasionally used one, and doing a thriving business there are no idle moments at the Ford agency.

The latest concrete machine will lay a concrete roadway nine to twelve inches in thickness, covering 14,000 square feet in a day.

### Delightful Luncheon Is Given To Friends

Mrs. J. B. Tabour of 1315 North Louise street entertained twenty friends at a very delightful luncheon given at the Flintridge Country club yesterday. Spring flowers were used for decorations. The guests included Mrs. Charles Gedney of St. Paul and Alhambra, Miss Gedney of Minnesota, Mrs. J. E. Sullivan, Mrs. Nelson, Mrs. Cannon and Mrs. B. F. Brown, all of Minnesota, Mrs. Putnam of Sawtelle, Mrs. Alfred Priest, Mrs. E. K. Barnes, Mrs. G. K. Barnes, Mrs. J. I. Wernette, Mrs. Wm. Cutler, Mrs. E. E. Dana, Mrs. E. B. Wyman, Mrs. P. H. Curtis, Mrs. Hewitt, Mrs. Beggs, Mrs. Mary J. Oliver, Mrs. C. H. Crawford, Mrs. Miller and the hostess, Mrs. Tabour.

### Type Of Clamp Is Proving Very Useful

A very useful article to have in the tool box is the type of clamp variously known as a C clamp or a U clamp. There are numberless uses for the part, but possibly its greatest value is to hold a large monkey-wrench to the running board, the wrench acting as a vise. The clamp takes up little room in the tool box, costs so little and is so very useful when the time does come that every car owner ought to have one.

### Splendid Program Is Given At Thornycroft

Chapter L., P. E. O., gave a splendid program of Easter music for the soldier boys at Thornycroft at 8 o'clock last night. The evening's entertainment was in charge of Miss Isabel Isgrigg, assisted by Miss Margaret Luby, Mrs. Evangeline Smith, Mrs. Charlotte Goss, Mrs. Nell Maxwell, Miss Ruth Byram, Mrs. Dorothy Weller, Miss Dorothy Peart, Miss Lois Murphy, and Mrs. Harriet Randall, accompanist.

The program consisted of a solo,

"Light" (Scott), by Miss Isgrigg; "Hosanna" (Granier), ensemble; duet, "Conqueror" (Coombs), Miss Isgrigg and Miss Dorothy Peart, with violin obligato by Miss Murphy; "Resurrection" (Shelly), ensemble; solo, "Christ Is Risen" (Haun), Miss Dorothy Peart; violin solo, "Ave Maria," Miss Lois Murphy; cantata, "The Risen King" (Schnecker), ensemble. Each number was perfectly given and very much enjoyed by the boys.

Mrs. May Emery and Mrs. Jessie Russel were the committee who had charge of the fruits and jellies contributed by members of Chapter L.

These were put on a large table in the center of the living room and consisted of a large clothes basket full of grapefruit, a basket of apples, a basket of oranges and two baskets of fruits and jellies. The baskets were beautifully decorated with yellow and white blossoms, the colors of P. E. O. The boys were greatly pleased with the gifts and the evening's entertainment.

What is believed to be a world's record for a parachute jump was recently established at Fort Sill when an aviator jumped from an airship at a height of 22,000 feet, landing six miles from his take-off.

# The Glendale Nash Sales

**T**HE Nash Six is known not only in America but in twenty-three foreign countries as well, as an unusually good car. The world-wide success of the Nash Perfected Valve-in-Head Motor, operating under all kinds of road and climatic conditions, proves it a real step forward in motor construction. And every other part of the Nash Six is equally as good as its motor. The Nash Six delivers to its owners all that can be asked of any motor car. It is stylish, comfortable, powerful, economical and durable to a degree that is really above the ordinary. It has performed and is performing in a way that creates for it

hosts of admirers wherever it is in service. Because of the high character of this performance the Nash Six is now generally recognized to offer an unusually attractive value at its price. Reports from owners in all sections of the country show mileage records of the Nash Six beyond the ordinary. This is due to the Perfected Valve-in-Head Motor and to the well balanced construction of the entire car. In brief, good performance, such as is found in the Nash Six, is what keeps an owner happy and satisfied with his car, and accounts for the unusual favor with which the Nash Six is regarded.

The office is being moved to the south side of the spacious garage and the show rooms will be enlarged so that more Nash models may be accommodated.

W. W. Brown, formerly with T. G. Widmeyre in the Nash agency here some time ago, has been employed by Mr. Sutton as salesman and both predict a prosperous business. Many inquiries for the popular car are being received.

The Glendale Nash Sales is also local agent for the New Lafayette.

**Will U. S. Government  
Pay Truck Damages?**

**CHICAGO**—The Chicago Motor club has taken up with the American Automobile association the question of government liability with regard to automobile damages. Congress has made no appropriation to protect the private operators of automobiles or the general public from any damages resulting from the operation of government-owned trucks. It is the desire of the club that individuals should be compensated promptly by the government for damages sustained by them.

**Chains Save Tires  
Upon Slippery Roads**

Many motorists seem to believe that tire chains induce wear; not if they are properly used. Without tire chains the drive wheels tend to spin around more or less on slippery surfaces. Sharp pieces of stone, cinders and other similar material in the road cut the rubber and scrape it deeply, a condition that does not arise when the chains are in place.

**Miss Dorothy Rae  
To Drive Buick In  
Journey To Chicago**

Miss Dorothy Rae, accompanied by Mrs. G. N. Nash and Mr. and Mrs. Harry Reeves of Chicago, who motored to southern California from Chicago last September in a 1921 model Buick, is now planning the return trip. They will start the middle of April and visit various points of interest along the way.

Coming west they camped out, but going back they will test the accommodations of hotels although being prepared to camp where necessary.

Miss Rae, who is well known in Glendale, proved herself to be a proficient driver as a sergeant in the ambulance service of the Red Cross during the war. She has taken great delight in motoring about southern California on the well paved roads and mountainous ones as well in her Buick touring car.

**Extension Arm For  
Light Is Produced**

The awkwardness, and sometimes danger, of having to lean over the steering wheel to adjust the windshield spotlight, is responsible for the production of a new automobile accessory. It consists of a small telescoping arm, with clamp and universal joint at one end, and a ball-shaped handle at the other. Clamped to the spotlight shank, the joint and telescoping arm are adjusted so that the ball handle always is within a few inches of the steering wheel.

**Weak Valve Springs  
Blamed Upon Engine**

Weakening of the springs which close the valves is a common cause of faulty engine operation. Whenever the valves are taken out the springs should be examined to see that they are all of the same length, or rather that all of the inlet set are of the same length and all of the exhaust, as the exhaust springs will probably be a little longer than the others.

If one spring is shorter than the others in its set it should be stretched or else a metal plate must be put under its fellows.

As a rival of the automobile among the finished products in the United States, the finished articles in men's and women's clothes are second in line.

**CASH REFUND OFFER

**PRODUCTION SCHEDULE GIVEN  
OUT AND BUYERS SECURE  
CHANCE OF SAVING**

The Chevrolet production schedule of "Four-Ninety" models for the seven months from January 1 to July 31 is 50,000 cars, according to O. W. Tarr, of the local sales agency. To each retail purchaser of new cars at present prices, the manufacturers are offering the following cash refunds provided the 50,000 cars are sold:

"Four-Ninety" touring, \$70; "Four-Ninety" roadster, \$70; "Four-Ninety" light delivery wagon, \$70; "Four-Ninety" chassis, \$70; "Four-Ninety" coupe, \$100; "Four-Ninety" sedan, \$100.

The savings, according to Mr. Tarr, represents savings in material prices under readjusting conditions as quantity production. These savings are to be passed on the purchasers and a certificate given each buyer.

**To Announce Results**

The results of this production promotion method will be announced not later than August 10, according to the announcement which has created a great sensation in automobile circles.

To look at the Chevrolet sales record, says Mr. Tarr, it is easy to be seen that this feat on the part of the factory is perfectly possible as 136,147 cars were sold in 1920 as compared with 729 in 1915 when the new motorcar was first put on the market.

**Max Green Provides  
Car To Aid Invalid**

Max Green, of the Oakland agency, yesterday furnished a new coupe for Lieutenant Burton, a disabled army officer at Thornycroft sanitarium, to attend to business matters in Los Angeles. His delicate condition made it imperative that a closed car be used and the American Legion obtained Mr. Green's courtesy.

**Reno Autoists Try  
Out Tahoe Highway**

**RENO, Nev.**—Reno motorists are now testing out the claim that Lake Tahoe, during the touring months, may be more easily reached by way of Mount Rose than by the Dog Valley grade.

A committee from the Reno Chamber of Commerce recently ran a caravan up to the snow line to determine what repairs are needed. The route is claimed to be shorter than the Dog Valley route. At one time it was extensively used, but of late years has fallen more or less into disuse.

**Begin New Campaign  
For Pike Peak Road**

**RENO, Nev.**—Another campaign to finance the construction of the Pikes Peak-Ocean-to-Ocean highway through Washoe, Pershing, Humboldt and Elko counties, Nevada, has been taken.

After receiving petitions signed by taxpayers in the four counties, the Nevada Highways association has ar-

ranged for the introduction into the legislature of a resolution authorizing a bond issue of \$450,000 by the four counties for the road work.

Under the arrangement, Washoe and Elko counties are to furnish \$150,000 each, and Humboldt and Pershing counties \$75,000 each. California is to raise \$450,000 and the federal government \$900,000.

Twenty-seven states in the Union have a registration of 10,000 or more motor trucks each.

**Yosemite Roads Put  
In Splendid Condition**

**YOSEMITE**—Receipt of the \$3000 deficiency appropriation voted in the closing hours of the last congress and unusually fine weather for several weeks have put spring road work in Yosemite National park on a firm basis. By the time Yosemite Lodge opens, April 15, and the annual influx of motor cars begins soon after, park officials are confident that the roads will measure up to any demands.

Trails also are in better condition than in several years past, according to park authorities. Clear, balmy weather for several weeks has enabled road crews to get to work much sooner than was expected, smoothing out the rough spots made in the highways during winter.

Automobiles in North Carolina represent an investment of \$140,000,000.

**It's Here—**

the New

**DORT**

Quality Goes Clear Through

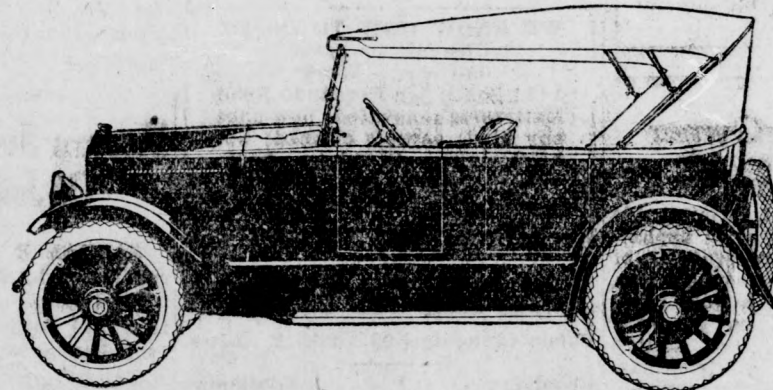

A new, and strikingly handsome body — coupled with longer wheelbase — larger tires, and numerous other refinements — made the new DORT the center of interest at both the New York and Chicago shows.

Now it is on display in Glendale.

The same powerful motor, and the same sturdy chassis on which the DORT reputation have been built are the basis of the new series.

Now its advanced body design and finish make the appearance of the car, more than ever before, in keeping with its real merit.

In this, as in no other light car, will be found those distinctive lines and that general type of body construction which have heretofore been confined entirely to the very costly makes of cars.

You are cordially invited to inspect and ride in the new Dort.  
It will be a pleasant revelation.

# Easter Greetings

## This Is H. L. Miller of Glendale

He extends greetings to the many friends he has made in dealing with the people of L. A. county nearly a quarter century.

I HAVE BEEN SELLING INSURANCE HERE, IN SOME OF THE MOST RELIABLE COMPANIES IN THE U. S. FOR 23 YEARS AND IN ALL THAT TIME I HAVE NEVER RAISED MY RATES

### WHY? THE ANSWER IS EASY

Because I have refused to have any dealings with board companies—in other words, the insurance trust. Why do insurance companies go into a combine? To boost prices and get high rates. We handle eight first-class, non-board companies. If you have a loss with us you are dealing with one independent company and your loss is quickly adjusted. If you have insurance in a trust company you have to deal with the board.

OUR COMPANIES ARE THE BEST IN THE U. S. AND YOUR LOSSES ARE PAID PROMPTLY

## H. L. MILLER CO.

### What's the Advantage of Board Insurance?

#### ABSOLUTELY NONE

The stability and ability to pay of every fire insurance company rests entirely upon its own financial resources. The board gives you no additional guarantees or protection in the event of loss, and each company stands alone, whether belonging to the board or not.

Before being admitted to California, every insurance company is required to furnish essential data to the insurance commissioner, and submit to a rigid examination of its assets and liabilities. Furthermore, they are in no instance allowed to issue policies in California until affidavits as to their sound financial condition have been made and checked by the commissioner of the state in which their charter was granted. It then becomes optional with them whether they affiliate with the board of fire underwriters or carry on their business independent of that organization.

What does it mean to you to know you are dealing with a firm of long standing and good business reputation, when you want to buy or sell real estate—when you want insurance—when you want to loan or borrow money?

If you insure with the Hole in the Wall insurance man, who is here today and gone tomorrow, when you wish to transfer your policy or cancel it, you will find yourself in difficulty. Policies of this character are called to our attention frequently.

INTERESTING PROGRAM WILL  
BE PRESENTED TONIGHT  
BEHALF OF LODGES

The one big question among members of the various lodges of Elks in Southern California is:

"Hello, Bill! Are you going to the big ball at the Brunton studio tonight? Tickets only 'one buck.'"

This question will be answered in the affirmative by thousands of members of the B. P. O. E. and a host of their friends who will be present at the big benefit in Hollywood tonight. They will witness the Elks' grand ball to be held on the monster stage of the Brunton studio.

Motley H. Flint is chairman of the 1921 grand lodge reunion of Elks, and he wants "everybody to attend the ball."

The proceeds of the interesting program will be devoted to the entertainment fund of the Elks' grand lodge convention which will open Los Angeles next July.

Mrs. Francis Patrick Shanley, wife of the chairman of the floor committee of the ball, leads a special reception committee and assures all a good time.

### DRU NICOLAS GETS CIVIC CENTER AND FINE RING FROM LOCAL LEGION

FORMER POST COMMANDER IS  
HONORED; MAKE PLANS FOR  
BIG MINSTREL SHOW

Dru Nicolas, former post commander and now sergeant-at-arms of Glendale post No. 127, American Legion, last night was pleasantly surprised by his comrades when W. B. Kelly presented him with a legion ring bearing the coast artillery insignia also.

In Mr. Kelly's presentation speech he told of Mr. Nicolas' service, and, in reply, the honored comrade said that if there were another war he would re-enlist to fight for his country. This brought a round of applause.

A. K. Lewis was present and gave several steel guitar selections which were greatly enjoyed.

Plans for Minstrel Show  
The program committee announced that a movement had been started to stage a minstrel show. R. W. Crawford, leader of the band, is arranging for the affair.

A general study of rules of order made more or less of an impromptu program for an hour, the question of renting the legion hall to other orders being the subject of debate.

The opinion seemed to be general that the clubrooms should be maintained exclusively for the former service men who are members.

### Favors Supervision Of Japanese Schools

SACRAMENTO — Forty schools controlled by Japanese in California will be placed under state supervision if a bill fathered by Assemblyman Ivan Parker of Auburn is passed.

The bill provides that each teacher in a foreign language school be required to pay the state a fee of \$10 for a permit.

The bill requires that a permit for conducting such a school be secured from the state superintendent of public instruction, and that the teachers know how to read, write and speak the English language. The teachers would be required to direct the minds of students along such lines as to make them good American citizens, instead of teaching them, as at present, merely in the ideals of the Japanese government.

### PARKS REQUIRED, VOTERS TOLD

COMMITTEE ISSUES APPEAL,  
URGING SUPPORT BEHALF  
OF BOND PROJECTS

The committee on civic center and parks, to be voted upon at the special election to be held March 29, addresses the following to the voters of Glendale:

To the Voters—When you vote next Tuesday, don't let the important matters of water, etc., overshadow the vital need of a civic center and parks so that you will fail to lend them your support also.

Even this will be only a start in the right direction. We should have much larger appropriations for these things—especially the parks—but this will be a start, and we can add to them as time goes on. If we fail to begin we will drag along as we have been doing for years, knowing the need but putting it off.

One of the biggest mistakes the city ever made was in not securing the two blocks on Broadway for these purposes when the matter was ripe a year or two ago, and before the rise in real estate values.

Let's begin to rectify these mistakes in so far as possible. It will add to the desirability of the city in every way and will be money in our pockets.

Urge Visualization  
Let us get a vision of what our little city is going to be! We are no longer a village. We will soon be a city of 25,000, and then 50,000, and while our distance from Los Angeles is not great, the time and expense required to reach it if spent in buying and improving the means of recreation in our own town would provide for these things in ample measure.

Besides the good we older folks will get out of such things, we need to do all we can for our young people—to give them wholesome pleasure and keep them clean. We must do this. The forces which tend to pull them down are at hand in every community and if we have no interest in giving them the means of building up character, we will have to answer for the neglect.

Rust-free steel has been produced by a Norwegian electro-chemical company. It is claimed that the steel does not rust and that most acids do not affect it. It is also claimed that it can be produced at the same price as ordinary steel.

### LANCASTER WHEN ROAD IS OPEN

CELEBRATION TO BE HELD ON  
APRIL 16 IN BEHALF OF  
HIGHWAY WORK

It is announced that on April 16 a barbecue will be held in celebration of the opening of the Mint Canyon state highway, which has been under construction for the past five years. The highway itself will be completely opened to travel on April 1.

It extends from Los Angeles to Lancaster, a distance of eighty-one miles. It is to be extended through to the Owens Valley.

In addition to the barbecue, Lancaster will hold athletic games to celebrate the event.

Supervisor Jonathan S. Dodge announced that the contract has been let for sixteen miles of state highway, extending from the Kern county line north to Mojave.

Soy beans thrive north to a latitude of about forty-six degrees. Soy beans are largely raised for hay, silage and pasture. Samples were sent north during 1920 and of 551 reports returned to the department of agriculture 400 were favorable.
